Education only - not financial advice. Stage 9’s worked examples are a labeled sample log - the course’s example numbers, built on Stages 7-8’s own structures (the 765/760 put credit spread; the 773/775 and 780/785 call debit verticals at their printed fills) on a $25,000 paper account - marked EXAMPLE on the page and on every graphic; every tally is arithmetic on that sample’s printed figures. The PlayBook and daily/weekly review methods are credited to SMB Capital’s published method (Bellafiore, One Good Trade; The PlayBook), taught here in the course’s own words and formats; no SMB material is reproduced and no endorsement is implied.
